

Job Opportunity: Quality Manager for Pharma Division (full time)

About us

Pressteck S.p.A. is a global leader in high precision deep drawn metal components, renowned for our excellence and innovation in the pharmaceutical and automotive industries. Pressteck is a second-generation family-run company based in San Vito, Sardinia, with more than 120 employees.

Due to our continuous expansion, we are seeking an effective leader and Business System expert to join our team.

Your responsibilities

- Drive continuous improvement activities related to production
- Resolve major customer quality-related issues
- Create, manage and implement procedures, policies and work instructions
- Supervise Quality Coordinators in the use of quality tools and audit activities
- Act as the Quality Management Representative during external audits
- Conduct conference calls with international clients and suppliers
- Read and interpret international norms and translate them into operating instructions
- Prepare reports and presentations in fluent English

Requirements

- Fluency in English (understand, read, speak and write)
- Proficiency in using Microsoft Word and Excel
- Ability to attend and actively participate in a face-to-face meeting conducted in English
- Strong leadership and communication skills
- Attention to detail and commitment to quality

Application process

Please send us your complete application documents including CV, a cover letter and details of availability and salary expectations. Selected candidates will be required to attend a face-to-face meeting in English to confirm language.

Become part of our dynamic team at Pressteck and shape the future with us. Contribute to our mission of delivering high precision quality products to our esteemed clients worldwide.

Apply today and be part of our success story! We look forward to receiving your application by e-mail to info@pressteckspa.com.
